QM 101: Getting Started with Quiltmachine

Date: Wednesday, July 10, 2019, 8:30AM – 4:30PM

Cost: \$100 (Lunch on your own)

Teacher: Joyce Blowers

Description: Entry level for those who have just purchased QM or had it several months and are not confident in using QM. A quilt top will be loaded to demonstrate settings and features.

Topics: The workshop will cover four topics:

1. Calibration, getting ready to use QM, setting up files, importing files, repair feature
2. Blocks and triangles, placing, and using settings for a custom look
3. Panto setup using QM PRO, sizing, reduce gap, optimization, stitching and advancing the quilt.
4. Intro to QM Gold with overview on a few of the features unique to Gold.

Supply List: QM tablet, stylus, charging cord, notebook. If older than December 2017, QM should be updated to PRO version (update is free)

Questions: Write down questions ahead of the class to turn in so they can be covered. Feel free to bring a QM quilt to show, or quilt project you have questions on.

QM 103 Intro to Pattern Cad (evening play session)

Date: Wednesday (evening), July 10, 2019, 6PM – 9PM

Cost: \$20 – Register for the “play session” by calling Nolting, but pay Joyce directly

Teacher: Joyce Blowers

Description: This play session is to have fun learning some of the features available in Pattern Cad. You will be introduced to layers, swap, merge, and other buttons, combine patterns, and perhaps more as we work through several exercises. This play time is meant to be an introduction, not a comprehensive class. If there is interest in learning more, a future workshop could be scheduled. Hands-on, bring your tablet with QM PRO, charging cord, and notebook.

QM 202 Quiltmagine - Beyond the Basics

Date: Thursday, July 11, 2019, 8:30AM – 4:30PM

Cost: \$100 (lunch on your own)

Teacher: Joyce Blowers

Description: This workshop is for those who have had QM awhile and understand the basics of customizing, placing blocks and setting up pantos. Beyond the Basics will teach how to use some of the powerful customization features found in QM. A quilt top will be loaded on the frame to demonstrate and stitch out using these features.

Topics: This workshop will cover four topics:

1. Customize and place difficult and odd shaped patterns into blocks
2. Easy Sashing – several methods
3. Panto Advanced to customize pantos and create unique borders
4. Intro to QM Gold with overview of a few of the features unique to Gold.

Supply List: QM tablet, stylus, charging cord, notebook. If older than December 2017, QM should be updated to PRO version (update is free)

Questions: Write down questions ahead of the class to turn in so they can be covered. Feel free to bring a QM quilt to show, or quilt project you have questions on.

QM 203 QM Gold (evening play session)

Date: Thursday (evening), July 11, 2019, 6PM – 9PM

Cost: \$30 – Register for the class by calling Nolting, but pay Joyce directly

Teacher: Joyce Blowers

Description: Elevate your quilting to the next level with this evening play session, open to those that have Gold as well as those considering Gold. QM Gold has features that offer more customization and control over the outcome of your quilting, such as borders and corners, fabric compensation, corner maker, marking tool, and more. Our evening play time will cover some of these features, is hands-on as we will be working on a quilt top.

LA 101 Solving Frustrating Longarm Problems

Date: Friday, July 12, 2019, 8:30AM – Noon

Cost: \$50

Teacher: Joyce Blowers

Description: Let's face it, some days quilting present a challenge, or a series of challenges. If you have those days with frustrating longarm problems, this class is for you. The longarm is a sewing machine, however quilting presents a number of variables, each of which, plus a lot more, can cause frustrating problems. This workshop covers tension, keeping the quilt square, and other frustrating problems commonly faced by longarm quilters. Best of all, this workshop offers real solutions to these problems.

Supply List: Notebook suggested

Questions: Come with your questions written out to turn in so they can be covered.

LA 102: Tech and Tension Class with Q & A

Date: Friday, July 12, 2019, 1PM – 4:30PM

Cost: \$50

Teacher: Dan Novak

Supply List: Notebook suggested

Questions: Come with your questions written out to turn in so they can be covered.
